1. In September 1955, sailings between Szczecin (Stettin) and Soviet ports increased. Regular runs have been established between Szczecin and Vyborg and between Szczecin and Kaliningrad (Koenigsberg). Previously only Soviet vessels, such as the LENINGRAD, plied between these ports. 25X1
2. The Soviet freeport in the Lasztownia (Lastadie) section of Szczecin was visited during early September by a Soviet torpedo boat flotilla.
3. A radio or radar station is being constructed in Goclaw (Gotzlow, N 53-28, E 14-36) near the former site of the Bismarck Tower. The area, which was previously occupied by a U-boat station and blown up, is now being cleared. Three excavators and a grab are at work.
